Josiah & Lydia Stout

We were both blessed to learn about and receive the Gospel in early elementary. While we were children, God also laid it on our hearts to pursue full-time ministry. This brought us to Calvary University, where we met and were married. We both graduated Calvary with interdisciplinary degrees in Intercultural Studies and T.E.S.O.L. in 2022. After graduating college, we attended a two-year training program with Ethnos360, whom we received membership with in May 2024. During this time we also were blessed with the birth of our daughter Clover.

Franc & Dardi Roy

Franc and Dardi Roy serve with Ethnos360 Aviation. From 2017-2021 Franc and Dardi served as an aircraft mechanic and an accountant supporting church planting in Papua New Guinea. They plan to return upon completion of Franc's helicopter training in September. Franc will be serving as a helicopter pilot and Dardi as a Medical Assistant in the mission clinic. The mission of Ethnos360 is to serve the least reached people groups of the world. These locations are often remote and inaccessible by roads.
